

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

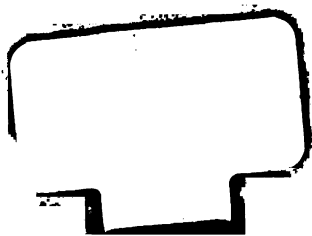

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

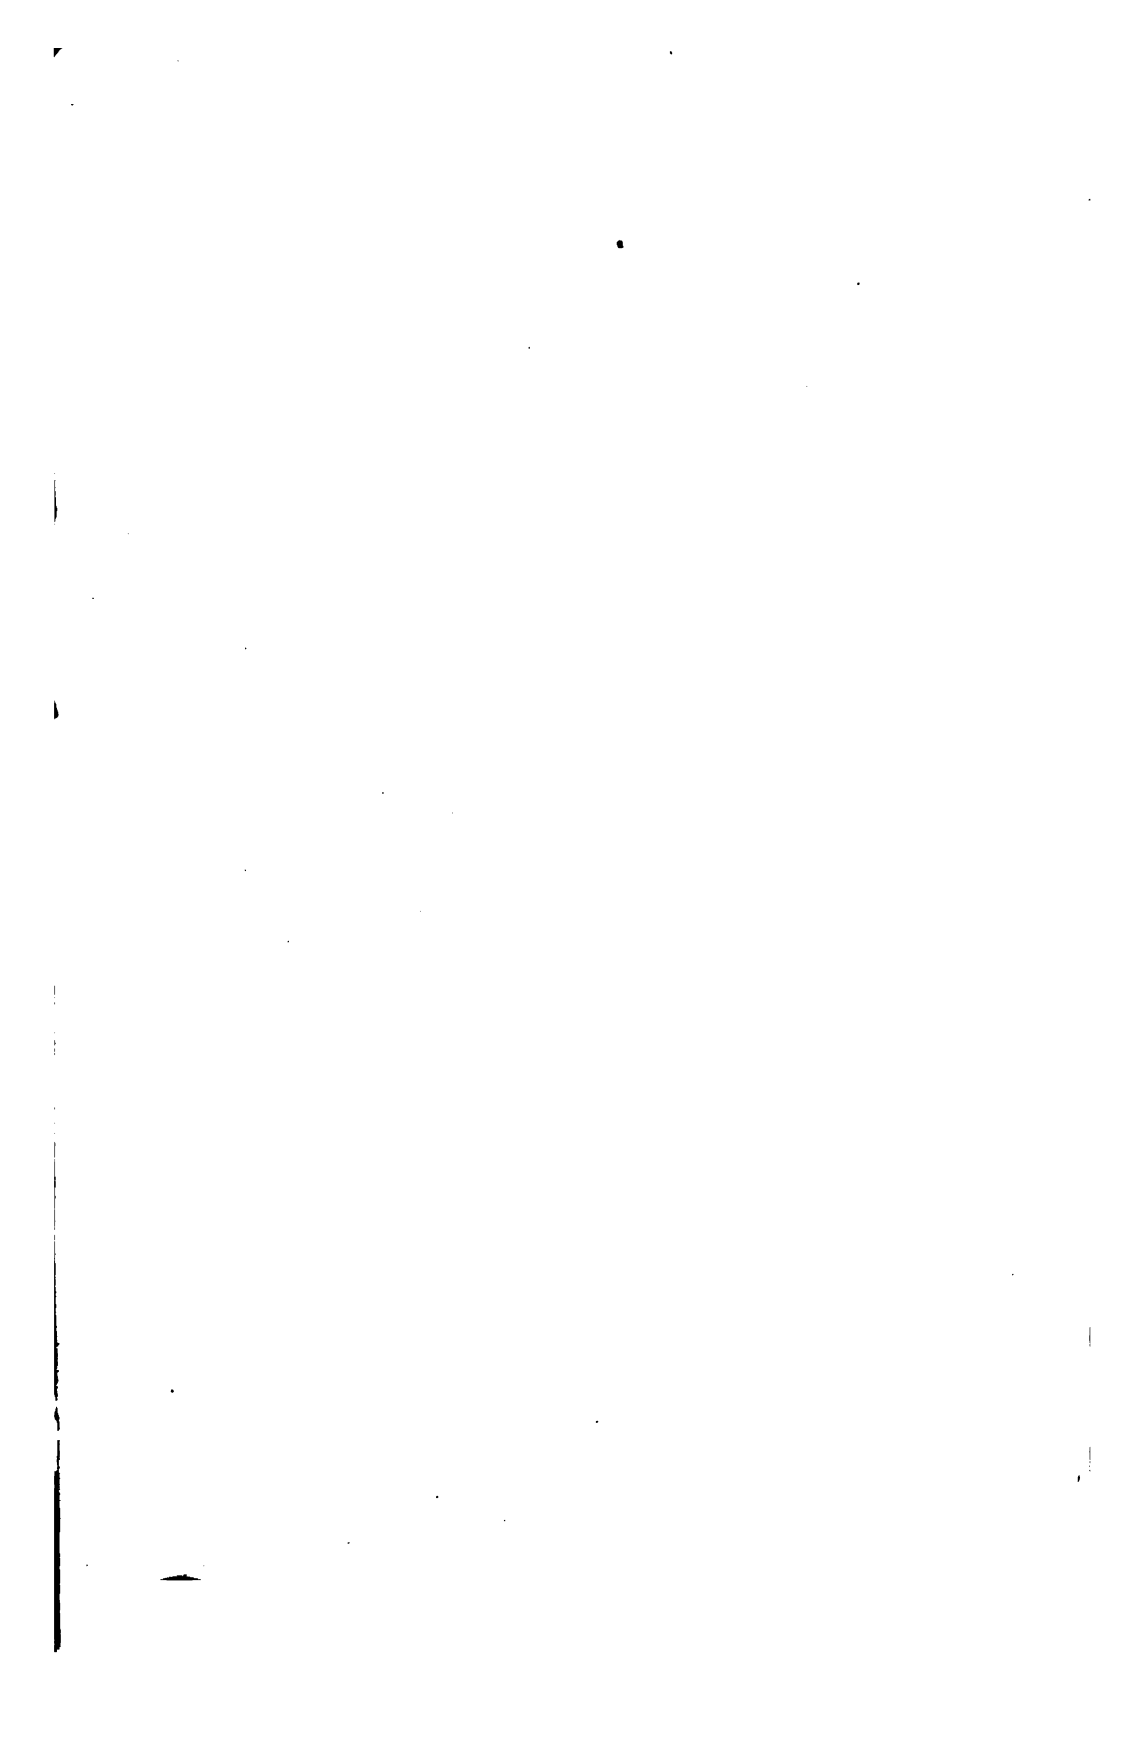

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## REPORT OF SECRETARY OF STATE.

STATE OF ILLINOIS, DEPARTMENT OF STATE,  
OFFICE OF SECRETARY OF STATE,  
SPRINGFIELD, ILL., OCTOBER 1, 1890.

*To His Excellency, JOSEPH W. FIFER, Governor:*

In conformity with the law defining the duties of the Secretary of State, I have the honor to present herewith my first biennial report, as required by law, also a statement of all fees received by me and paid to the State Treasurer from January 15, 1889, the date on which I assumed the duties of my office, to October 1, 1890, the close of the fiscal year, together with such other matters as are required of me by law.

The fees received by this department for the period above stated and paid into the State treasury have been more than were ever received in the same length of time, amounting to \$35,746.27, as follows:

For corporations.....	\$21,699 24
For notarial commissions.....	5,199 87
For J. P. and P. M. commissions.....	3,932 00
For miscellaneous fees.....	4,915 16
Total .....	\$35,746 27

As the law requires that the Secretary of State shall make semi-annual reports to the Governor on the first days of April and October in each year, I herewith give a statement of my reports, as follows:

From January 15, 1889, to April 1, 1889, two and one-half months, I received fees as follows:

For corporations.....	\$2,846 45
Notarial commissions.....	676 00
J. P. and P. M. commissions.....	14 00
Miscellaneous fees.....	581 65
Total .....	\$4,118 10

I paid the above amount to the State Treasurer, April 1, 1889.  
—1 S. S.

For the six months ending September 30, 1889, I received fees as follows:

From corporations .....	\$5,491 08
From notarial commissions .....	1,526 00
J. P. and P. M. commissions .....	2,911 00
Miscellaneous fees .....	1,547 19
Total .....	\$11,275 27

I paid the above amount to the State Treasurer, October 1, 1889.

For the six months ending March 31, 1890, I received fees as follows:

From corporations .....	\$6,709 90
Notarial commissions .....	1,535 72
J. P. and P. M. commissions .....	502 00
Miscellaneous fees .....	1,506 10
Total .....	\$10,253 72

I paid the above amount to the State Treasurer, April 1, 1890.

For the six months ending September 30, 1890, I received fees as follows:

From corporations .....	\$6,651 81
Notarial commissions .....	1,462 15
J. P. and P. M. commissions .....	505 00
Miscellaneous fees .....	1,480 22
Total .....	\$10,099 18

I paid the above amount to the State Treasurer, September 30, 1890.

Total amount paid the State Treasurer, \$35,746.27.

I have also received the sum of six hundred and thirty dollars for rent on the dwelling house owned by the State, and have paid the same to the State Treasurer.

## PRINTING.

The last General Assembly appropriated thirty thousand dollars to meet the expenses of two years' public printing, of which amount about \$10,000 was paid for printing Agricultural and Fat Stock Show Reports of 1886 and 1887, Reports of the Board of Health of 1886, House and Senate Journals of 1887, and other work which should have been printed during the administration of my predecessor, but he was unable to have the work done for the reason that about fourteen thousand dollars of the amount appropriated by the Thirty-fifth General Assembly was in litigation between the Commissioners of State Contracts and the contractor for printing, which amount could not

be used, and lapsed into the treasury on October 1, 1889. There remains on hand of the last appropriation the sum of \$7,082.38, which amount will not be sufficient to meet the expenses for the public printing before the next regular appropriation becomes available.

#### BINDING.

There has been a great increase in the amount of binding done during the last two years, a considerable portion of which increase was the binding of the House and Senate journals of the 35th General Assembly and the reports made thereto, the Agricultural Reports of 1886 and 1887, the Fat Stock Show Reports of same years, Report of the Board of Health of 1886, and other work which had not been bound. There remains on hand at this date the sum of \$4,566.07, which will not be sufficient to pay for all the binding until July 1, 1891, when the regular biennial appropriation will become available.

#### PRINTING PAPER AND STATIONERY.

The itemized account in the succeeding pages shows the amount of paper and stationery bought, and for what purpose. The contract of 1888 was for 3,500 reams of printing paper, but considerably more than that was used on account of the great amount of printing done. The usual appropriation of \$15,000 per annum will be necessary to meet the expenses for this purpose.

#### HEATING.

The usual appropriation of \$15,000 per annum was granted by the last General Assembly, of which there is now on hand the sum of \$14,506.61, which sum, I think, will be sufficient to meet the expenses of the department until the next regular appropriation can be used. There are three elevators in the building and a high pressure of steam is required to be kept up through the whole year so that they can be used. During the session of the legislature, six engines are connected with the ventilation of the building, which requires a high pressure to be maintained at the boiler-house in order to run the engines. During the last year an electric light plant has been put in, requiring a high pressure of steam to be maintained all the year 'round.

## COST OF PRINTING, ETC., UNDER STATE CONTRACTS WHICH EXPIRED SEPTEMBER 30, 1890.

---

Printing, six classes; binding, paper and stationery, four classes; fuel; copying of laws, journals, etc., and distributing laws and journals, etc.

### PRINTING.

*First Class.*—The work required to be done in this class is the printing (in bill form) of bills, resolutions and other documents.

The contractor for this work was Phillips Bros. The cost of the work under this contract was \$4,699.08, for which a settlement in full has been made.

*Second Class.*—The printing (in book or pamphlet form) of reports, communications, and other documents, and of the volumes of reports.

The contractor for this class of work was The Springfield Printing Company, on which contract there has been work done to the amount of \$21,889.51. There has been paid on this contract the sum of \$18,956.44, leaving a balance of about \$2,933.57 due, for which no final settlement has yet been made.

*Third Class.*—Printing of the journals of the Senate and House of Representatives.

The contractor for this class of work was Phillips Bros., who assigned their contract to The Springfield Printing Company.

The cost of the work performed under this contract was \$6,143.56, for which a full settlement has been made.

*Fourth Class.*—Printing of the volumes of the laws, with the joint resolutions, which shall be in said volume.

The contractor for this class was Geo. E. Bardeen, who assigned his contract to H. W. Rokker.

The cost of the work done in this class is estimated at \$688.54.

*Fifth Class.*—Printing, stitching, ruling, lining, indexing, and binding of election registers.

The contractor for this class of work was The Springfield Printing Company.

The cost of the work under this contract was \$420.

*Sixth Class.*—All printing not included in first, second, third, fourth and fifth classes.

The contractor for this class of work was Geo. E. Bardeen, who assigned his contract to H. W. Rokker.

The cost of work in this class was \$10,080.15, for which settlement in full has been made.

#### RECAPITULATION.

Phillips Bros., class 1.....	\$4,699 08
Springfield Printing Co., classes 2, 3 and 5.....	28,453 07
H. W. Rokker, assignee, classes 4 and 6.....	10,768 69
Total cost of printing for two years ending Sept. 30, 1890 (partly estimated)——	\$43,920 84

#### BINDING.

The contractor for the State binding was H. W. Rokker.

The cost of work done under this contract will be about \$28,500. This is only an estimate, as the work has not yet been completed. The contractor has been paid, up to date, \$27,362.87.

#### MISCELLANEOUS.

The work of this class consists of ruling blanks, ruling and binding blank books, and padding blanks, etc.

The contractor for this class of work was Enoch Paine.

The work in this class will amount to \$3,596.19, but has not yet been completed. There has been paid to date the sum of \$3,541.15.

#### RECAPITULATION.

Binding, estimated .....	\$28,500 00
Miscellaneous.....	3,596 19
Total cost of all binding for two years ending Sept. 30, 1890 (partly estimated).	\$32,096 19

The work done and the materials furnished by each contractor has been satisfactory.

## NEW STATE CONTRACTS.

Pursuant to law and in accordance with the advertisement for Proposals for State Contracts, "published in a daily paper in each of the cities of Springfield, Chicago, Peoria, Quincy and Cairo," the Commissioners of State Contracts did on Tuesday, September 2, 1890, in the presence of the Governor, proceed to open the bids which had been received and filed for the various State contracts, and to make awards therefor as follows:

## PRINTING.

There were seven bids received and filed by the following: Springfield Printing Company, Phillips Bros., Thos. Rees, H. W. Rokker, S. B. Moody, Wm. M. Bloomer and Enoch Paine.

## AWARDS.

*First Class*—Awarded to Phillips Brothers.

Plain, 20 cents; press work per hundred impressions, 10 cents; binding bills, 1 cents.

*Second Class*—Awarded to H. W. Rokker.

For rule and figure work, 50 cents; plain, 19 cents; press work per hundred impressions, 8 cents.

*Third Class*—Awarded to Wm. M. Bloomer.

For stitching, ruling, lining, indexing and binding election registers, 3 cents each.

*Fourth Class*—Awarded to H. W. Rokker.

For rule and figure, 18 cents; plain, 18 cents; ruling, 10 cents; padding 2 cents; press work per hundred impressions, 8 cents.

#### BINDING.

There were seven bids received for doing the state binding, which were filed by the following named persons:

Phillips Bros., Workman Bros. & Co., Springfield Printing Company, Enoch Paine, Thos. Rees, H. W. Rokker, J. M. W. Jones.

The contract for the state binding was awarded to H. W. Rokker, he being the lowest bidder at the following prices:

First class, per volume (irrespective of the number of pages therein) one cent.

Second class, per volume, (irrespective of the number of pages therein) 10 cents.

Third class, per volume, (irrespective of the number of pages therein) 10 cents.

Fourth class, per 100 pages, aggregate count, 2 cents.

Fifth class, plain blank books, extra Russia bands, \$6; plain Russia bands, \$5; three-quarter binding, \$3; half binding, \$2.

Blank books, printing headings and binding, extra Russia bands, \$9; plain Russia bands, \$8; three-quarters binding, \$5; half binding, \$4.

Blank books, full pages, printing and binding, extra Russia bands, \$12; plain Russia bands, \$10; three-quarters binding, \$8; half binding, \$4; for paging blank books any size or style, each 50 cents.

For putting side title on blank books, any size or style of books, each 50 cents.

For indexing or alphabetizing blank books, any size or style, 50 cents each.

For binding books for State Library, per volume, library style, 75 cents; half roan, 75 cents; half Morocco, \$1; full Morocco, \$1.50; half calf, \$1.50; full calf, \$2.

For binding in full law sheep, per volume, 75 cents.

For binding Geological, per volume, 45 cents.

For binding Natural History Reports and similar work, per volume, 35 cents.

For binding House and Senate bills, English cloth, per volume, 50 cents.

For binding the original journals of the House and Senate, half binding, per volume, \$2.

For folio binding, newspaper size, per volume, \$2.

For cutting out pages, per hundred, 10 cents.

For tipping in pages, plates, maps, etc., per hundred, 10 cents.

## PAPER AND STATIONERY—FOUR CLASSES.

### *Class 1*—Book and cover paper.

For the furnishing of this paper, six bids were received from the following named persons: Calumet Paper Co., William A. Fowler, Geo. E. Bardeen, J. M. W. Jones, John P. Price, and Bradner, Smith & Co.

This contract was awarded to John P. Price, at \$2.35 per ream for 50 pound book paper, and \$1.70 per ream for cover paper, he being the lowest bidder.

### *Class 2*—Paper for blanks, blank books, etc.

For furnishing the paper called for in this class, eight bids were received from the following: Calumet Paper Co., William A. Fowler, J. M. W. Jones, John P. Price, F. B. Woodruff, Bradner, Smith & Co., John Morris Co., and Graham Paper Co.

The contract for this class was awarded to the Calumet Paper Co.

### *Class 3*—Paper and stationery.

For furnishing the articles called for in this class, bids were received from J. M. W. Jones and John Morris Co.

The contract for this class was awarded to J. M. W. Jones, he being the lowest bidder in the aggregate.

### *Class 4*—Official letter paper, envelopes and blanks.

For furnishing letter paper and envelopes called for in this class, bids were received from J. M. W. Jones, John Morris Co., Shober & Carqueville Lithograph Co., and Aug. Gast & Co.

The contract for this class was awarded to J. M. W. Jones, he being the lowest bidder in the aggregate.

## COPYING LAWS, JOURNALS, ETC.

For copying laws, journals, etc., bids were received from Thomas W. Brown, Geo. S. Clendennin, A. C. Hayden, N. M. Day, and A. H. Magie.

The contract was awarded to N. M. Day, at the rate of two cents per hundred words for House and Senate journals, and one cent per hundred words for laws, resolutions, etc.

## DISTRIBUTION OF LAWS, JOURNALS, ETC.

For preparing for distribution of laws, journals, etc., bids were received from James Curtis, Thomas M. Brown, A. H. Magie, and C. M. Partlow.

This contract was awarded to Thomas M. Brown, he being the lowest bidder, at the rate of \$149 per annum.

## FUEL.

Bids for furnishing bituminous coal for fuel were received from the Springfield Coal Mining and Tile Co., Springfield Junction Coal Co., and the Springfield Coal Association.

This contract was awarded to the Springfield Coal Association, at \$1.15 per ton, it being the lowest bid.

As has been the custom heretofore, as soon as the advertisement was published calling for "Proposals for State Contracts," samples were procured, as the law directs, of each kind of paper and each article of stationery required, for the inspection of bidders. The samples of each kind of paper were properly labeled, and each article of stationery also labeled to correspond with the list published, in order that bidders should have all the facilities and information necessary in making their bids, and to secure exact justice between the State and the successful bidders. In accepting or rejecting goods offered for delivery, on contract, the samples are on file in this office, and goods furnished on contract must conform thereto.

## AMOUNT OF BONDS REQUIRED.

The Governor and Board of Commissioners of State Contracts fixed the amount of the bonds to be furnished by the several contractors, at the following sums:

Printing, first class .....	\$10,000
" second class .....	1,000
" third class .....	5,000
" fourth class .....	10,000
Binding .....	10,000
Paper and stationery, each class .....	10,000
Copying laws, journals, etc. ....	2,000
Distribution of laws, etc. ....	2,000
Fuel .....	10,000

Contracts and bonds are all on file in this office, except the contract and bond of John P. Price, to whom was awarded the contract for furnishing book and cover paper, "Class one," which has not been filed nor approved by the Board up to this date. The record of the proceedings of the Board of Commissioners of State Contracts is on file in this office.

## STATIONERY AND FLAT CAP PAPER.

Amount on hand January 15, 1889 .....	\$8,734 74
Amount received under contract to date .....	3,834 57
Total .....	\$12,569 31

There was issued to the Legislature and the various departments, stationery and flat cap paper as follows:

Thirty-sixth General Assembly .....	\$1,947 30
Auditor .....	1,419 23
Attorney General .....	136 08
Adjutant-General .....	517 60
Bureau of Labor Statistics .....	156 68
Board of Health .....	198 15
Board of Agriculture .....	660 14

Board of Charities.....	\$178 13
Governor.....	284 37
Printer Expert.....	21 96
Railroad and Warehouse Commissioners.....	491 28
Secretary of State.....	1,836 41
Superintendent of Public Instruction.....	667 80
State Geologist.....	52 22
Treasurer.....	411 04
Live Stock Commission.....	81 73
Historical Library.....	6 76
Election Registers.....	877 01
Engraving commissions and blanks, Secretary of State.....	481 08
Total.....	\$10,449 99
Balance on hand October 1, 1890.....	2,119 32
Total.....	\$12,569 31

### PRINTING AND COVER PAPER.

The following is a statement of the amount of paper received and issued:

#### SIXTY POUND BOOK PAPER.

Amount turned over by my predecessor January 15, 1889.....	531 reams
Amount received from contractor to October 1, 1890.....	4,692 <sup>7</sup> / <sub>32</sub> "
Total.....	5,213 <sup>7</sup> / <sub>32</sub> "
Amount issued to contractor for State printing.....	4,976 reams, 8 quires, 2 sheets
Amount on hand October 1, 1890.....	236 444 "

#### THIRTY-FIVE POUND COVER PAPER.

Amount turned over by my predecessor January 15, 1889.....	42 reams
Amount received from contractor to October 1, 1890.....	113 475 sheets
Total.....	155 reams, 475 sheets
Amount issued for State work.....	138 "
Balance on hand October 1, 1890.....	17 475 "

#### GEOLOGICAL PAPER.

Amount on hand January 15, 1889.....	335 reams 244 sheets
Amount received.....	284 456 "
Total.....	620 reams 220 sheets
Amount issued for State work.....	616 rms. 2 qu. 8 sheets
Amount issued to State officers.....	1 ream 20 "
Total.....	620 rms. 3 qr. 4 sheets
Balance on hand October 1, 1890.....	144 "

The appropriations made by the last General Assembly for repairs and improvements upon the State House and grounds, are as follows:

The sum of \$1,200 was appropriated for the purpose of putting in eight iron columns to support the floor of the Public Library, but I found that the amount was not sufficient to do the work in a good and substantial manner.

As the weight of the iron columns was about 33,600 pounds, it was necessary to build heavy stone foundations in the sub-basement in order to secure a good and permanent foundation.

I let the contract to Messrs. A. L. Ide & Son, for the sum of \$1,725, the additional cost of \$525 I am permitted to pay out of the appropriation for painting, or any other item for repairs

and improvement upon the State House in which there is an excess, as authorized by the act making this and other appropriations for the repairs and improvements upon the State House. As the work was of such importance, I employed Messrs. Bullard & Bullard, architects, to draw plans and superintend the work which will be of the most substantial character when completed.

The appropriation of \$150 for 150 yards of carpet for library rooms, was all expended.

The last General Assembly appropriated the sum of \$1,342.20 for the purpose of putting in gutters inside the coping of State House grounds. I let the contract to E. L. Martin, of Decatur, for putting in gutters and for grading and sodding terrace to same, for which I paid him the sum of \$1,076.60. The guttering is of manufactured stone made with the best Portland cement. I was obliged to put in three large and three small catch basins to hold the water running from the gutters and to carry it off to the city sewer, with which two connections were made with 18 inch sewer pipe, the cost of these basins, new curbing, iron work, extra labor, etc., amounted to \$250.53, leaving a balance on hand of \$15.07.

Of the appropriation of \$100 for terrace on south side grounds there is a balance of \$10 remaining.

The last General Assembly appropriated \$6,600 for putting down stone walk from east front capitol building to Second street. I received a number of bids for this contract, which I let to the Culver Marble and Stone Company, for the amount of the appropriation, it being the best bidder. The walks are each 20 feet in width, with terrace 30x72 feet, all of good stone 6 inches in thickness, with steps thereto, also steps 72 feet wide at Second street entrance, with a cross walk of ten feet in width inside. All the walks are laid on a thick bed of cinders and sand in a good and substantial manner.

There was appropriated by the last General Assembly the sum of \$387.60 for the purpose of building a stone walk from the west front of the State House to Spring street. I have let the contract for the walk to be 10 feet in width, stone to be 6 inches in thickness, and the work is now being done and will be completed in a short time.

Of the appropriation of \$400 for trees, I have expended \$143.04, leaving a balance of \$256.96 unexpended.

There was appropriated by the last General Assembly the sum of \$600 for hydrants, etc. I put in eight hydrants, or street washers, and 1,510 feet of pipe, purchased 200 feet of hose, couplings, hose carts, etc., for the sum of \$516.15, leaving a balance of \$83.85 of said appropriation.

The appropriation of \$375, for hauling dirt and grading grounds was all expended. Nearly all of it was used on the east side of the grounds in hauling out broken stone, brick, cinders, etc., and replacing it with soil, and sodding same.

The last General Assembly appropriated the sum of \$4,000, for painting and repairing the outside wood-work of the State House. I received several estimates of the cost of this work, and the lowest being much more than I thought the work could be done for, I purchased the best materials, engaged an experienced man as superintendent, and employed painters to do the work, put on two good coats of paint, reputtied glass in windows, oiled and varnished all outside doors, built scaffolding and ladders, purchased brushes and all materials, for the sum of \$1,108.78, leaving a balance of \$2,891.22 of said appropriation.

The last General Assembly appropriated \$4,000 for the purpose of purchasing dynamos and other machinery and appliances for lighting the State House.

I let the contract for putting in two 25-light dynamos, one 50-horse power engine and other appliances, for the sum of \$3,178; for putting in concrete floor in dynamo room, wainscoting, purchase of carbons and other materials, there has been expended the sum of \$363.84, leaving a balance of \$458.16 on hand.

#### APPROPRIATION FOR VAULTS, ETC.

There remained on hand at last report of my predecessor, the sum of \$925.87 for fitting up vaults, etc., and the last General Assembly appropriated the sum of \$1,250 additional for the purpose of finishing the fitting up of the vaults of this office with fire proof iron boxes, book racks, etc., which work was let to the Fenton Metallic Manufacturing Company, who put in 995 file boxes, 30 cupboards and 27 corner shelves, all of iron, in a very good and satisfactory manner, for the sum of \$1,972.25. I paid out \$12 in addition to the above for the purpose of carpeting the vault floor, leaving a balance on hand of \$191.62.

#### THE INDEX DEPARTMENT AND DOCUMENT LIBRARY.

In his final report my predecessor, in speaking of this department, used the following language:

"I am not disposed to exaggerate the value and importance of the index department, and, as I shall soon retire from this office after an eight years' incumbency, I cannot be charged with any selfish motive in speaking of its usefulness. The Secretary of State is the legal custodian of the more important archives of the State Government. He is under heavy bonds for the safe keeping of the files and records in his charge.

"In the nature of things the Secretary of State cannot give his personal attention to the safety and security of the files and records of his office, the value of which cannot be measured in money. The whole time and

attention of his chief clerk is taken up with other duties. He must then rest his responsibility and quiet his concern as to the absolute safety of these papers somewhere. He must feel assured that they are not exposed to mutilation, defacement, loss or destruction at any time. The fact is, and it cannot well be otherwise, that while the Secretary of State is the legal, the index department is the actual custodian of the original papers, records and documents of his office, and by the consolidation of the State document library with it, it also becomes custodian of the printed documents as well. Nor does the responsibility end with their safe keeping and preservation.

"The papers in this office are continually being referred to and constantly added to. They require constant watching and careful handling to prevent misplacement and confusion. They must be placed in the special charge of some one whose particular business it is to see that they are carefully handled and returned to their proper place among the files.

"The index department was created and exists, among other things, for this purpose. The department is now performing its office in an excellent manner. No better use can be made of public money, to the amount reasonably necessary, than in properly caring for and preserving the archives of the State department."

After an experience of two years in office I can give the above my hearty endorsement. What the counting house is to the mercantile, manufacturing or commercial establishment the index department is to the executive department of the State government. It is not only a valuable adjunct but a necessary factor in the transaction of the public business, and in the conservation of the political history of the State it is indispensable. There is nothing ornamental about it.

Appropriations were made in 1887 and again in 1889, for furnishing the two fire-proof vaults connected with this office. These appropriations, that of 1889 under my direction, have been expended for the purpose intended and both vaults are now furnished with metallic cases and chests equal to the best in use. Much of the time of the clerks in the index department, when not employed in the current work of the office, has been employed in rearranging the files and record books necessary in making a change from the old to the new furniture, and that work is still in progress. The correspondence in the Governor's office from 1869 to 1889, made during the administrations of Governors Palmer, Beveridge, Cullom, Hamilton and Oglesby, have been chronologically arranged and filed away. A portion only of the legislative files, similarly arranged, have been completed and filed, and the same is true of those files in the Secretary of State's office, which are kept in what is known as the "lower vault." In order to relieve the overcrowded condition of the vaults, a large mass of less important papers were removed from the vaults and safely, and reasonably convenient of access, filed away in one of the basement rooms which was specially fitted up for that purpose by using the old furniture which had been in the vaults. Thus relieved, I estimate that the vaults will furnish space for the files and records for the next fifty years.

I can assure the General Assembly that the appropriation made two years ago for the work in the index department, has been applied in a manner that will benefit the public service for

all time. An appropriation should be made for the care and cataloguing of the State document library. This library may well be the pride of the State.

A few only of the printed documents of the State are missing from the shelves of the library, and it is not only possible but probable that these will yet be recovered and the sets completed. A complete catalogue of the books should be made and it is to be hoped that the Legislature will provide the necessary means for this purpose.

Please find hereto appended, and made part of this report, itemized statements of appropriations disbursed under my direction, and for which I am officially responsible.

Respectfully submitted,

I. N. PEARSON,  
*Secretary of State.*

## OFFICE EXPENSES.

Jan. 15, 1890—Balance on hand.....	\$509 54
Appropriations for two years ending July 1, 1891.....	6,000 00
